

Art Learning from Home Plan

Week Beginning: 18/05/20

Eco Sculpture [This is your second week of your 2-week project]

If you haven't had a chance to start your sculpture look at the Art Plan and Art Picture Plan 11/05/20 on the school website and give it a go! We are looking at how humans are affecting our planet and are investigating how the planet has been changed by man, and how what we do affects our animals, plants, forests, oceans and weather. Check out the lesson ideas on the school website @ Art Lesson and resources and send a picture of your sculpture or 3D picture in for our Breadalbane Primary Gallery on our website. Thank you

Our Learning Intentions

Sky Room, P1 – 3

OLI I can create a 3D Eco picture or sculpture using junk.
I can add ideas or resources to my Eco Sculpture.

P4 – 7

OLI I can improve and develop my 3D Eco picture or sculpture using re-cycled materials.
I can create an Eco poem or rap.

Resources

Sky Room, P1 – 3

Save our Planet song

<https://www.youtube.com/watch?v=IJToF8D9bdU>

Sky Room, P1 – 3 and P4 – 7

Re-cycled materials (junk) – yogurt pots, boxes, milk cartons, old clothes, jewellery, CDs, garden rubbish – anything you might recycle, borrow or use for a 3D picture or sculpture

Art Plan and this week's Art picture plan guide can be found by clicking the link below

<https://www.breadalbane.pkc.sch.uk/art-resources/>

David Attenborough – How to Save the Planet

<https://www.youtube.com/watch?v=0PuvOPss33M>

Planet Earth & Planet Earth II

<https://www.bbc.co.uk/programmes/b006mywy>

	<p>Climate Change https://climatekids.nasa.gov/climate-change-meaning/</p> <p>What is Scotland doing to help climate change? https://www.wwf.org.uk/sites/default/files/2020-02/WWF_Climate_Explainer.pdf</p> <p>What’s happening in the ocean? (if you want to carry out the cool heat absorption experiment it must be done with adult supervision and safety glasses.) https://climatekids.nasa.gov/ocean/</p>
<p>Activity – this is the second lesson in your 2-week Eco Sculpture</p>	<p style="text-align: center;">Creating and adapting a 3D Eco Sculpture (or picture) – an Eco character with a catchy name</p> <ol style="list-style-type: none"> Review: Talk to a friend or a family member about your Eco Sculpture and your save the planet ideas/poem etc. What do you like and what would you like to improve? Think: How could I use my sculpture or improve it? Have another look at David Attenborough’s “How to Save the Planet” or watch a clip from Planet Earth II to give you some more ideas. For more ideas for your theme/character have a look at the picture examples below and the Art Lesson Picture Plan. Note: If you have only a few resources or limited space, make a tiny model or a 3D picture. Plan: Get today’s resources together and your family to help you. Maybe try out 1 or 2 of your ideas first before you fix them to the sculpture. Is your sculpture going to be for just looking at, or are you going to use it in the garden/house for some purpose? Prepare: Find a place to work – outside is best if you are making a large picture/sculpture (check the resources and place to work with an adult), cover tables with paper or an old sheet/tablecloth to keep things clean! Collect your re-cycled materials, paper, pencils, glue, string, pens and paints. Create and Develop: Use your own sculpture, ideas from your family and friends and the videos clips to help you add to your sculpture. Take a video or pictures which you can send in for the Breadalbane Primary Gallery. Don’t forget to give your character a name. Share: What were the best bits? Share these with me and take a picture of your work to send to your teacher, friends, and family. Send your picture in for our Breadalbane Academy website Primary Gallery and to me gw09boydsusan2@glow.sch.uk <p><u>P4-7</u></p> <p>7. Eco Rap: Once you have made your sculpture write an Eco Rap featuring your character! Check out this Eco Robot Rap https://www.youtube.com/watch?v=YHe9U3MLDT8</p> <p>Don’t forget once you are finished with you sculpture please recycle the materials you have used.</p>
<p>Further Activities</p>	<ul style="list-style-type: none"> • Make a second Eco character sculpture to help your main character, or with a different theme - animals, plants, forest etc. maybe a “mini-me” • Find out (research) how scientists are developing new ways to help feed the world and help the people and creatures that live on the planet – make a poster, a Fact File or a PowerPoint to share your ideas • Adapt your Eco Sculpture by making it a feature in your garden, a living work by growing plants around or in it • In your Learning Jotter write a few sentences inspired by your Eco character and sculpture... “If I could change the world.....”

Development Ideas

1. Silver of the Sea (original sketch plan)

2. Project begins

3. Last week's work

4. This week's ideas....add more branches

5. Silver is really taking shape now..CDs and plants!

6. "Silver of the Sea" – an Eco Sculpture that holds plants and covers up my big bare wall! It reminds me to RESPECT all life on Earth by trying to REDUCE, RE-USE, RECYCLE.

Eco Sculpture Ideas

Trash-o-saurus Wrecks!

Acrostic Poems

Silver of the Sea

*Swishing through the shining sea
Incredible sea creatures beneath the waves
Lives depend on clean sea water
Very full of plastic and rubbish ☹️
Every little piece of plastic, slowly kills all life
Recycle, re-use, reduce, respect all life and help SILVER ...Save the Sea!*

Conny Conifer

*Conifers full of squirrels
Opening seeds, munching nuts
Never leave rubbish
Never damage plants
YOU can save the forest and help Conny Conifer.*

Notes from the teacher

Resource Packs (which include art resources are available locally – Co-op, campus reception – see newsletter for details)

Art is a real challenge in these times, but please feel free to adapt any of the art projects/lessons. Our Art lessons are just a guide to allow some scope for children to explore their creativity, relax and enjoy drawing, arts, and crafts and to develop their artistic skills. Our theme for Art this term is Eco and nature. If you can put on some relaxing music, this is one of my favourites <https://www.youtube.com/watch?v=OeHLHNKQCXA> , or do your art outdoors. Last week's resources and Art Picture Plan will help with this week's activity. Feel free to give me your feedback and ideas. You can also email for further advice and support on GLOW gw09boydsusan2@glow.sch.uk or send me a picture of your work 😊

Have fun and many thanks Mrs Boyd
