

BRING IT TO LIFE

LI: to be able to use strategies to help me better understand a text

Often pictures and our imagination help us to bring characters, setting and the plot of a book to life. Use what you know of the 2 main characters so far to bring them to life.

Draw, paint or build Fergus and Murdo. What do they look like? What do they wear? How do they style their hair? Are they carrying anything with them?

Use what you know of the novel so far to help guide you with this task.

Justify why you think this!
