

Length, weight, capacity

Write one of these three words to show what has been measured:

length weight capacity

1. This hamster is as long as 20 cubes length

2. This fish-tank holds 10 buckets of water

3. This tin is twice as heavy as this one

4. My garden is 50 steps wide

5. This bowl holds about five cupfuls

6. A door is 200 centimetres tall

7. My mum lost 10 kilograms on her diet

8. This bottle holds 2 litres of cola

9. My pencil is 25 centimetres long

10. Mum needs 500 grams of flour

I can talk about the different kinds of measuring we do
