# EQUIVALENT FRACTIONS WITH CIRCLES SHEET 3

Shade in the correct fraction of the circle and complete the equivalent fractions.

The first one is done for you.

1)  $\frac{2}{4} = \frac{4}{8}$	6)  _____ = _____
2)  _____ = _____	7)  _____ = _____
3)  _____ = _____	8)  _____ = _____
4)  _____ = _____	9)  _____ = _____
5)  _____ = _____	10)  _____ = _____
