

# CHARACTER COP

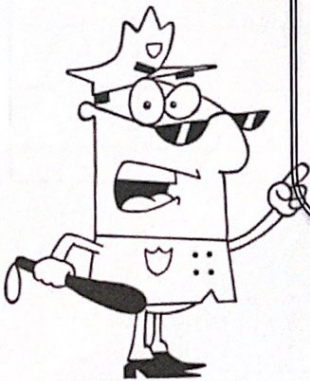

Choose an interesting character in your story. You are going to tell your group some information about them. Try to find something for all three boxes...

Draw the character

What do they look like?

What did they say?

What did they do?

# PREDICTOR

Predicting is guessing what will happen next. In books there are often clues about what will happen, but not always!

Your job is to write a paragraph about what you think will happen next in your book. Use what you have learned so far about the plot, and the characters. *Don't be tempted to read ahead and find out!*
