BLACK PANTHER

RULES!

DISCOVER WHAT IT
TAKES TO BE A...

SUPERHERO

Black Panthers are the **kings** and **protectors** of the great nation of **WAKANDA**.

There have been **many** Black Panthers over the centuries, but the most famous is the current Black Panther, known as

T'CHALLA.

As **Black Panther**, he has **protected** his **homeland** from internal and external foes.

In addition, as a member of Earth's **MIGHTIEST** team of **SUPER HEROES**, the

AVENGERS,

he has saved the **world** again and again!

Look at me **multitasking!**

As **king**, T'Challa has helped turn Wakanda into one of the most technologically **advanced** countries **IN THE WORLD**.

WHEW! AND YOU THOUGHT HAVING JUST ONE OR TWO HOBBIES WAS TOUGH!

Being a king **isn't** just sitting on a throne all day, dripping with jewels. T'Challa has to put up with constant **internal** strife. There's always some distant **relative** who says **THEY** have a claim to the throne, or a tribal elder or council member **questioning** your decisions.

(Which is **SUPER** annoying!)

Sometimes there's a pesky little **sister** getting in your way. Okay, she makes up for it by inventing **SUPER-COOL GADGETS** and **TECH**. And then there are always, **ALWAYS**, people like **Killmonger** who are just out to destroy you.

The Wakandan throne does not **LITERALLY** sit on a mountain of Vibranium... but there is a **LOT** of it!

And if that wasn't enough trouble, Wakanda sits on top of the biggest pile of the **MOST VALUABLE** metal on Earth. It's called **Vibranium** (more on this later), and villains such as Klaw, Kraven the Hunter, and even **aliens** are always trying to get their evil hands* on it.

I wish this crown would fit under my mask!

On top of being **KING** of a whole nation, Black Panther is also a **Super Hero**. And Super Hero teams like **THE AVENGERS** are **FULL** of **DRAMA**. Someone is always losing their super-powers, then getting them back, or leaving the team, then rejoining it, or even **dying** and then coming **back to life!** See? **DRAMA!**

And let's face it, **THE AVENGERS** are comprised of gods, giant green rage machines, and handsome billionaire industrialists, so the personalities are

BIG.

And don't forget, where there are Super Heroes, there are **Super Villains** doing all sorts of evil things like trying to **TAKE OVER THE WORLD** or collecting multicoloured (and very powerful) magic gems... So Black Panther has a **LOT** to deal with!
