

My Biodiversity Project

Did you watch the videos last week? If not have a look now or watch again to refresh your memory. <https://wke.lt/w/s/wCAqDV>

What video was your favourite and why?

Primary 7 is an important year and as you make the transition to S1 you have to think about how much of an independent learner you are. As you progress through Secondary you will make decisions about what you would like to learn and what you might like to do when you leave school.

This project lets you lead your own learning. Think carefully about what you would like to explore across the theme of Biodiversity.
