

Primary 7 Learning from Home Plan wb: 1st March 2021

Focus: My Biodiversity Project & Final Week for Cake Competition

	Numeracy	Literacy	Topic / HWB
Monday	<p>OLI: I choose an online maths task Online session: 11am</p>  <p>Today's task: Think Link Check out the virtual classroom. It has lots and lots of maths activities. Choose one activity take your time to complete it. Whatever you choose take a photo or write a note and upload to the assignment. Please remember to write a title and date for your activity so I know what you have chosen.</p>	<p>OLI: Make a den Online session: 1:30pm</p> <p>Today's task: Make a den (to read or write or draw) To help celebrate World Book Day make a den with cushions, blankets, sheets, a spare duvet, a pop-up tent. Try to find a corner somewhere so you get some peace. Decorate your den with some personal objects, bike lights, fairy light, teddies. Now here is the hard part! Invite someone to your den and share a story with them. It can be a picture book or an extract from a book you are currently reading. If you can't make a den design your dream den on paper so you can make it another day. Post a pic on the P7 chat if you want to share.</p>	<p>To consider safety on the World Wide Web.</p> <p>Search for 'Caught in the Web Newsround' or follow this link. https://www.bbc.co.uk/newsround/13908828</p> <p>Watch the video and then look at the document 'SMART poster'.</p> 
Tuesday	<p>OLI: I can complete Ninjas online Online session: 11am</p> <p>Today's task: Complete the Numeracy Ninjas online form. It will be slower to complete Ninjas this way, but you can tab between the questions. Don't rush through, try to get as many correct as possible. At least 20/30. When you are finished let me know – I will be able to see your score. You can complete the form more than once to improve your score. You can even challenge another member of your family to complete it! Choose a maths game from the assignment if you finish quickly.</p>	<p>OLI: I can participate in a workshop Online session: 1:30pm</p> <p>Today's task: Participate in a workshop with the author Sita Brahmachari. She has lots of creative ideas for writing and drawing. Watch the video and then choose an activity from the Sita Brahmachari challenges sheet. Make notes about what you do on the notes sheet and hand it in to the assignment. Have fun! Here is the link: Inspirations for Storytelling Flow (worldbookday.com)</p>	<p>Cake Art Competition cont.</p> <p>If you haven't already check out this Power Point. It is all about making a cake with cardboard. Use your own creative skills to make your own cake. There is a prize for the best cake art. Ms Warren is the judge so make sure you do enough to impress her. If you have already done a cardboard cake use this time to bake some real cakes at home to share or do some research to find a good cake recipe that you can make at home when you have time with someone special. OR do a self-portrait with clay.</p>

Wednesday

OLI: I can be an independent learner

Online session: 11am

Today's task:

Complete another activity on the **Think Link** via [the virtual classroom](#). It has lots and lots of maths activities.

Choose one activity take your time to complete it. Whatever you choose take a photo or write a note and upload to the assignment.

Please remember to write a title and date for your activity so I know what you have chosen.

OLI: I can take notes and use them for my project

Online session: 1:30pm

Today's task:

- Today's task is about finding some research of your own on your chosen topic. You need to be careful when searching that you find a reliable websites and information. I've made a [Wakelet](#) with some to get you started and you can message me if you need something more specific.
- Take notes (remember what we talked about last week) and then use this information in your Biodiversity Sway. If you haven't started the Sway let me know and I'll give you a special lesson.
- The questions you need to research are in the next box here

Biodiversity Project

On your Sway you should now have:

- A fact file about your chosen topic
- Information to explain Biodiversity
- Information to explain why Biodiversity is important to humans and how we conserve can conserve it

Today add to the Sway answering these questions:

- How does your plant or animal or habitat benefit other plants or animals? Give at least 3 examples with details.
- Draw a picture or a mind map to show how your plant, animal or habitat benefits other species. Be detailed in your responses.

If you are working with a partner, you can divide the tasks, but you should be producing a more detailed presentation than someone working on their own.

Thursday

OLI: I can solve an equation and show my working.

Online session: 11am

Today's task:

Complete a combination of outcomes from the bronze, silver and gold sheets. You must write your answers out in full. Bronze and silver sheets are an introduction to algebra.

Eg. $6 + \blacktriangle = 11$

$\blacktriangle = 5$

Once you have done the bronze or silver have a go at the first outcome on gold or just do the gold sheet.

OLI: I can participate in World Book Day

Online session: 1:30pm

Today's task: Choose an activity from the World Book Day site here or from the activities posted by Mrs Munro on our school website here

Mrs Munro has a competition running. There are some good prizes – check it out here.

There is a Health and Well-Being lesson from Mrs Munro using this link.

[Health & Wellbeing - Breadalbane Academy](#)

Friday

OLI: I can be an independent learner

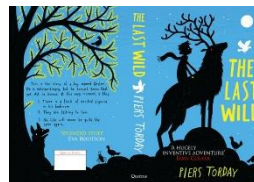

Join the KAHOOT LEARNING ROUND UP and have some fun with the class. Bring your family too if you want.

Today's task: Complete another activity on the **Think Link** via [the virtual classroom](#). It has lots and lots of maths activities. Choose one activity take your time to complete it. Whatever you choose take a photo or write a note and upload to the assignment. Please remember to write a title and date for your activity so I know what you have chosen.

OLI: I take responsibility for my own learning

No afternoon call today

Today's task: Finish off

any tasks or assignments you haven't finished this week.

- Your Biodiversity project
- Check out [the poetry competitions here](#)
- Hand in your story finished or unfinished
- Cardboard cake competition
- Finished everything or can't do anymore? Sit and read your own book, draw pictures or listen to The Last Wild. Use your den!

Reading is so important, and I cannot emphasise enough how much it can develop your vocabulary and creative brain.

Friday Funday Skills Hour

Think about a way you can extend your own learning. You might want to knit, write or illustrate a story, bake, go for a walk, sew, learn to draw cartoons, design a workout, cook a meal, play a boardgame, make a puppet, practise calligraphy, colour, learn chess. Your choices are endless.

Spend a good hour or more on your chosen extension activity.

Post up photos on P7 chat Team if you like. I'd love to see them!

Young Poets Competition 2021

Maths: Here is the new set of Maths Ninjas [NN Skill Book 21-30 1.jpg \(numeracyninjas.org\)](#)

RUN OUT OF MATHS TO DO? DO YOU WANT SOMETHING MORE CHALLENGING? Check out the Extensions tab on the Numeracy Team.

If you want to check out a load of other educational resources independently check out this link. There is loads to see, do, and listen to. Fill your educational boots! [BBC Teach Live Lessons for primary schools - BBC Teach](#)

We have a Virtual Assembly for you to view at your leisure! There are photos and videos of home learning adventures (some of our class), stories and a lovely message from Mrs Marshall. [Click on the link to see.](#)
