

The Vaults

LI: to be able to organise my writing with a clear beginning, middle and end.

Fergus and Murdo have discovered more about the vaults underneath the shops in Raeburn Place. If you were to inherit the Vaults, what would you do with them? Would you transform them into something fun or special? Or would you have an adventure there...perhaps you'd find some strange objects or a secret door in the vaults. Let your imagination run wild!

Try to create a story showing an adventure you would have with the Vaults.
