

Exploring Autumn

This week we have been getting creative with Miss Menzies, making pumpkin prints using potatoes, looking at all the different colours we see in Autumn and decorating acorns pictures with shimmer paint. We made spooky ghosts using paper cups and skeleton straw pictures with Miss Farron.

Health and Wellbeing

Miss Rocsik took us to the dance studio where we had great fun dancing along to the music together. We have also been continuing our focus on understanding our emotions using the mood monsters.

Outdoor Play

We had lovely weather all week and enjoyed being outdoors with Mrs Haynes. We took turns pulling our friends around in the wooden cart. We also took a closer look at all the different leaves that fall from the trees at this time of year before dancing and jumping in a whirlwind of leaves with Miss Rocsik.

Other Information

Mrs Scott has joined the nursery team as the Senior ECP and is looking forward to meeting everyone in the coming weeks.

On Monday we are introducing a new check in system in nursery which we believe will support the children in developing their own independence.

On Thursday 31st October we are having a Halloween Party from 2pm-3pm and we would love everyone to join us. Children are more than welcome to dress up for the party if they would like to.

Please tell us and/or email us a picture with a caption of any wonderful milestones, achievements or special occasions your child may have to allow us to celebrate these in nursery on our "Awesome Wall."
