

Spooktacular Halloween

This week we have been busy getting ready for our Halloween party. We have making lots of Halloween crafts including paper chain decorations, paper bats, a cardboard witch with a wooden broomstick. We enjoyed baking buns and making breadstick wands while some children went to the shops to get snacks for the Halloween party.

Health and Wellbeing

We got expressive with our dance moves at our dance class with Miss Rocsik and went for a mindfulness woodland walk with Miss Menzies, Mrs Kelly and Miss Carolin.

Outdoor Play

We had another week of nice weather and enjoyed being outdoors with Mrs Hayles. We played What's the time Mr Wolf and had fun making giants bubbles and watching and chasing them as they travelled and popped in the wind.

Other Information

I would firstly like to thank you all for your wonderful support and patience as we introduced our new morning check in this week. I hope you all agree both yourselves and your little ones have been fabulous in this transition. Thank you all 😊

Please tell us and/or email us a picture with a caption of any wonderful milestones, achievements or special occasions your child may have to allow us to celebrate these in nursery on our "Awesome Wall."

If anyone can help us either with supplying materials or labour to construct a little outdoor reading nook for our outdoor play area please can you get in touch with a member of nursery staff.

As health and safety is paramount, we are asking all parents/carers to check their child's drinking bottle. Please can you make sure the bottle is free of mould and that the drinking spout isn't damaged as this is a choking hazard.

Just a little reminder about the upcoming in-service day on Friday 15th November.
