

Number and Letter Recognition

This week we have been exploring numbers and letters. We enjoyed creating our names using sponge letters and paint. We were also practising writing our names while looking at which letters make up our names. We played different number games which involved counting and matching the number with the dots.

Health and Wellbeing

We went to the gym hall this week for PE and continued to develop our teamwork and turn taking skills in a variety of fun games. We have continued to sing our kindness song and continue to discuss what actions are kind.

The Gruffalo

Over the next couple of weeks, we are going to have a Gruffalo theme running throughout our nursery. This week we looked at what materials we might find in the woods in preparation for constructing a house for little brown mouse.

Other Information

Please can everyone complete the wider achievement leaf that has been sent as we would love to hear about the wonderful achievements your little ones have accomplished outside of nursery.

Learning Journal forms are still available in nursery if you haven't already provided your details and still wish to sign up to receive updates on your child's learning and experiences in nursery then please get a form from a member of staff.

We are still on the lookout for anyone who can help us either with supplying materials or labour to construct a little outdoor reading nook for our outdoor play area please can you get in touch with a member of nursery staff.

We would greatly appreciate any donations of clothing that you are no longer requiring to allow us to have a supply of emergency clothing in nursery. Thank you to the parents who have already brought in clothes.
